- Projects that will qualify for consideration include: support to underwrite research efforts, exchange initiatives, special programs, among others. We will also consider funding for exchange programs, the purchase of supplemental materials. Priority will be given to requests that clearly demonstrate an ability to reach greater numbers of teachers and students.
- Completed proposals should be received no later than November 30 or April 15. Notification to the recipient of the scholarship and all applicants will be made by December 30 or May 15, respectively.
- You will be notified via email and checks will be sent to you at your school address.
