German Language and School Society

The German Language and School Society, Wisconsin, Inc. (DSSV) was founded in Milwaukee on June 9, 1956. It was chartered as a non-political, non-religious, and non-profit educational organization under the laws of the state of Wisconsin.

The goals of the Society have been stated as “promoting and stimulating interest in and understanding of the German language and culture” by means of an annual German Essay Contest.

This contest is open to students of all public and private high schools in the state of Wisconsin who are presently enrolled in a German class. Summer study trips to Germany and scholarships are awarded to those who qualify in these contests. The German Language and School Society conducts its annual contest in conjunction with the comprehensive German language test sponsored by the AATG.

Special Thanks to Dr. Ernst Edlhauser

We wish to express our gratitude for a generous bequest from the estate of Dr. Ernst Edlhauser, the original Executive Director of Goethe House of Wisconsin, who passed away on December 5th, 2013, at the age of 88. He was born on February 1st, 1925 in Vienna, Austria. In 1957, he came to Milwaukee with his wife, the late June Edlhauser (Helgason).

Dr. Edlhauser served as the long-time director of Goethe House Wisconsin, from 1959 until 1995. Previously he had worked for the U.S. Embassy in Vienna and the Atomic Energy Agency of the United Nations. He was the recipient of awards (Order of Merit, First Class) by both the Austrian and West German governments, recognizing his services for the advancement of German language and culture.

On January 24th, 1961 the Goethe House opened to the public, and for over three decades thousands of visitors met Dr. Edlhauser as the face of Goethe House. The DSSV appreciates Dr. Edlhauser's extensive contribution to the study of the German language by Wisconsin students and adults.

We invite you to visit the DSSV's website. This website provides DSSV contest information for Wisconsin German students, teachers and parents.

It also provides information related to the study of German in Wisconsin High Schools.

German Language Contest Description and Awards

AATG National German Exam and Awards

Each year, German students from Wisconsin high schools are eligible to participate in the American Association of Teachers of German (AATG) sponsored comprehensive National German Language Test administered at high schools throughout Wisconsin by the German teachers at their schools. The Level 2 test is taken by students who have two years of high school German. The Level 3 test requires three years of study, and Level 4 requires 4 or more years of study.

The Wisconsin AATG awards medals to participants with award winning scores and also invites students achieving the highest test scores to participate in a selection committee interview held in Wisconsin during March of each year. Students must register for and participate in a personal interview in order to be nominated as a trip winner.

Based on students' test scores and interview results, one or two Wisconsin students are nominated for four week summer study trips to Germany. The national AATG office evaluates the nominations from each state and determines the final winners of the Pädagogischer Austauschdienst, (PAD - German Student Exchange Program) sponsored summer study trips to Germany. The number of study trips sponsored by PAD as well as the number of these trips allocated by the national AATG office to German students in Wisconsin may vary from year to year.

This year the AATG awarded a 3 week home stay study trip scholarship to a Wisconsin student participating in the contest. This scholarship award is funded by the AATG Endowment Fund.

DSSV Essay Contest and Awards

The DSSV sponsors over one hundred cash awards annually for students with excellent performance on the AATG National German Exam.

In addition, students taking the Level 3 or Level 4 AATG exam are eligible to participate in the **DSSV-sponsored German Essay contest**.

The essays written by these students are evaluated by a selection committee including a German Department faculty member from a Wisconsin university.

Students who have taken both the AATG test and have written a DSSV essay are eligible to compete for larger cash awards provided by the DSSV.

The DSSV also provides stipends to assist winners of AATG trip awards with incidental expenses incurred on AATG study trips.

Is the Study of German Still Relevant in Today's American Culture and Society?

In this age of globalization, the study of a foreign language is more important for our students than ever. With cost constrained education budgets, many school districts are unfortunately cutting their foreign language programs. One question sometimes posed is whether the study of German is still relevant in Wisconsin.

Many Wisconsin high schools have excellent German programs, outstanding teachers and strong enrollments that deserve to be continued. Yet, even some of the schools from which today's prize winners come are considering reductions in their German programs.

If we want to see the study of the German language continue in Wisconsin, it will take a concerted effort on the part of students, parents, teachers and organizations such as the DSSV and the AATG. We all need to do our part to successfully retain the German programs in our schools. What can we as individuals do? Stay informed as to the programs your school is planning to retain and which are being considered for reduction. Don't wait until after a decision is announced. Talk to your students' German teacher. Get involved and make your voice heard with your school principals and school boards.

The DSSV is committed to furthering the study of German in Wisconsin, as it has been since 1956. It requires local action from concerned students, prospective German students, parents, teachers, and community members. This has made the difference in numerous communities and schools throughout the state.

Please watch the DSSV's website www.dssvwi.org for more information on this topic. Parents and teachers, please keep the DSSV apprised of what's happening at your schools by emailing us through the web site. We will share information, access to resources, and success stories related to keeping the study of German alive in Wisconsin.

The following is an article entitled "Why Study German" from Goethe Institute web site www.goethe.de

We are sharing it with you here as just one of many fine examples as to why the German language is still so very interesting, fun and advantageous to those who can speak it.

Why Study German?

German is the official language in seven countries of the European Union: Germany, Austria, some regions of Switzerland and Belgium, Luxembourg, Liechtenstein and Italy (Südtirol). It is the second most popular language to learn in the EU and ranks among the top 10 most frequently languages spoken in the world. German plays an important role as a foreign language in many countries as in 2010 more than 14 million people worldwide learned German.

Travel: Millions of foreign tourists visit German-speaking countries every year. They want to see and experience King Ludwig's castles in Bavaria, the Austrian and Swiss Alps, German beer at the Oktoberfest or the stunning Rhine river. Speaking and understanding German will give you a chance to get to know Germans, their culture and their history at first hand. Germans are the most traveled people in the world – therefore, knowledge of German will also give you a great advantage with employment in the travel, hospitality or airline industry.

Increase your opportunities in the global economy: Germany has the largest economy in the European Union and the fourth largest in the world. Germany is home to numerous international corporations and most multinational German companies are represented in the United States.

Get to know a great European culture: German is a leading language of science, literature, philosophy, theology, history, music, film and art. Becoming acquainted with artists, composers, scientists, great thinkers and their contributions is very rewarding if done in their language. German is, for example, the language of Goethe, Kafka, Kant, Hegel, Nietzsche, Mozart, Beethoven, Luther, Marx, Freud and Einstein. Almost 80,000 new books are published in Germany each year (18% of worldwide publishing) making Germany the third largest publisher of books in the world after the USA and Japan.

Study in Germany: The German education system has a long tradition (the oldest German university, Ruprecht-Karls-Universität in Heidelberg, was founded in 1386) and a good international reputation. Germany has been one of the most important destination countries for international students, with nearly 250,000 students from abroad studying in Germany each year—over 10 percent of the total student population. In the new research undertaken by the British Council which examined the countries' three categories of higher education: openness; access and equity; quality assurance and degree recognition, Germany came in the first place.

DSSV Career Day for German Language Students

"Thanks" to our growing list of partner organizations participating in German Career Day.

In November 2018, the DSSV hosted its 3rd **German Language Study Career Day** for German language students in Wisconsin.

German companies that hire candidates with proficiency in the German language were present to meet with and advise high school and college students about working for a global enterprise. Colleges and universities offering German programs and study abroad programs were also represented.

There were presentations by and video interviews with college graduates who are now utilizing their knowledge of German to pursue careers in business, science, engineering and the arts gave students insights into how their German language education can be applied to a successful career.

The 2018 Career Fair was attended by over 500 high school students from 21 schools. The 22 participating exhibitors afforded these students a unique opportunity to understand their options with regard to studying German at the college level, study abroad programs, internships and ultimately the career opportunities available to them upon graduation.

We want to thank all whose efforts made this first ever endeavor by the DSSV a huge success. Our special thanks go out to Michael Koch from Marquette University who organized this excellent event.

The next DSSV Career Day will be held on November 18, 2020. Please watch the DSSV website and DSSV Career Day Facebook page for details.
